

## Rusty Rivets Tangram Activity Pack

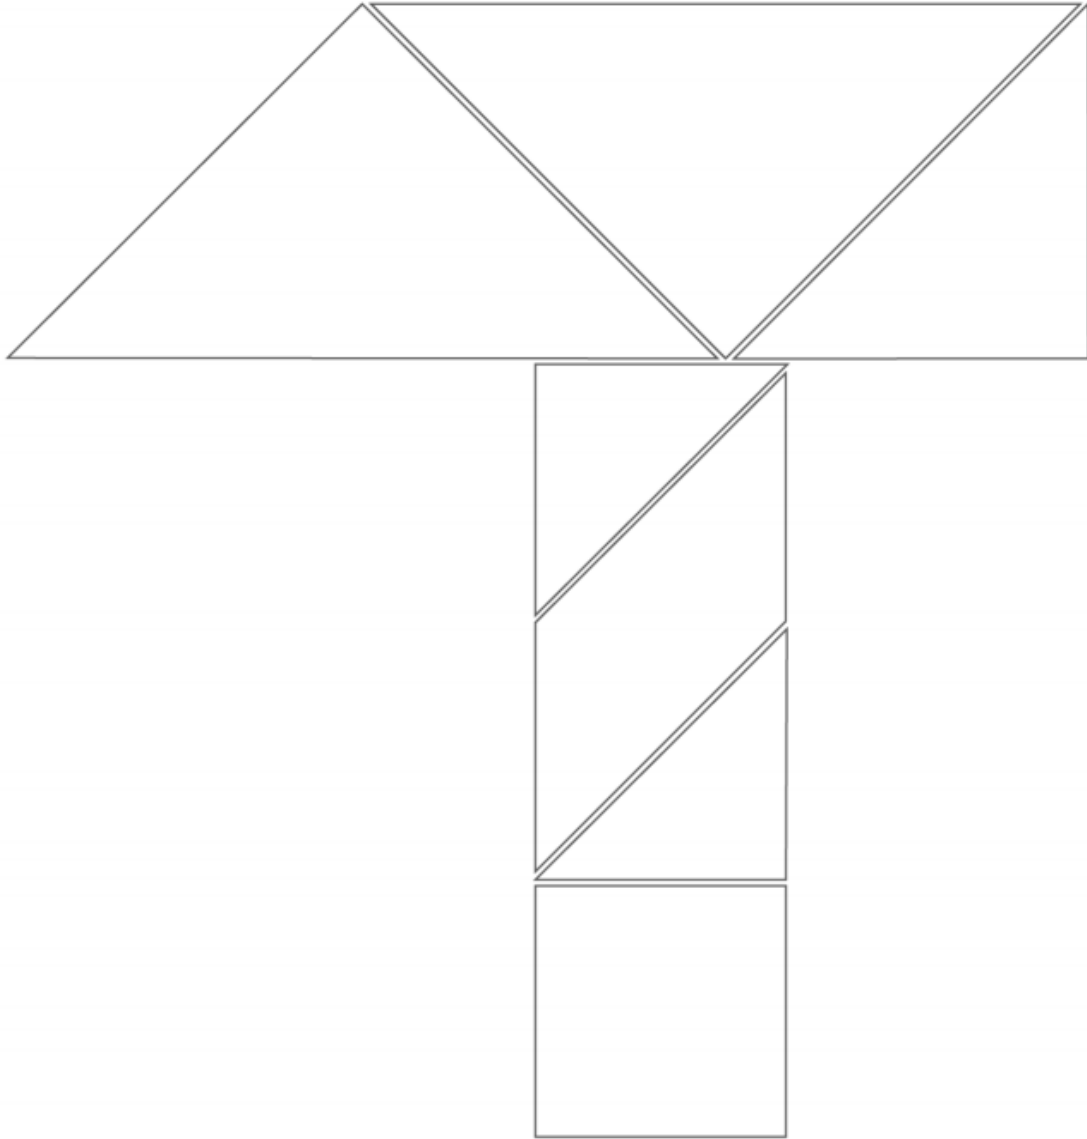

Kids can learn shapes and engineering through play with this free printable!

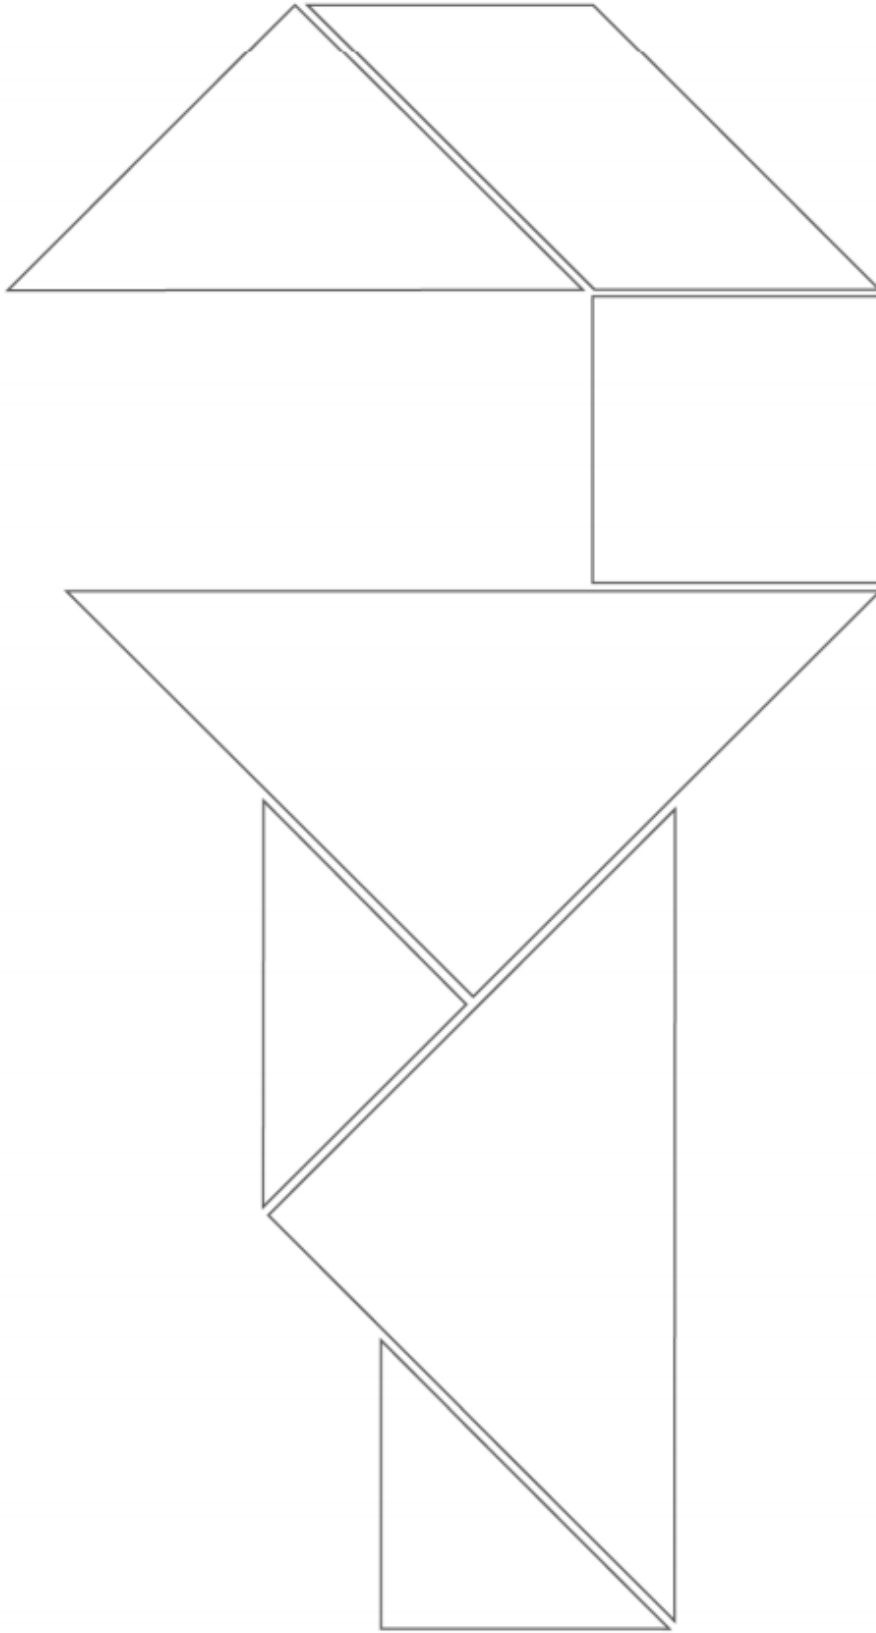

Teach your child to be a combiner and designer like Rusty Rivets with this fun game!

Start by printing and cutting out the shapes below. Then, experiment together to recreate the preexisting patterns, or make new designs of your very own. Preschoolers will not only have a blast exercising their imaginations, they'll intuitively learn about visual-spatial relationships, geometry, and problem-solving. As Rusty says, "Time to bolt!"

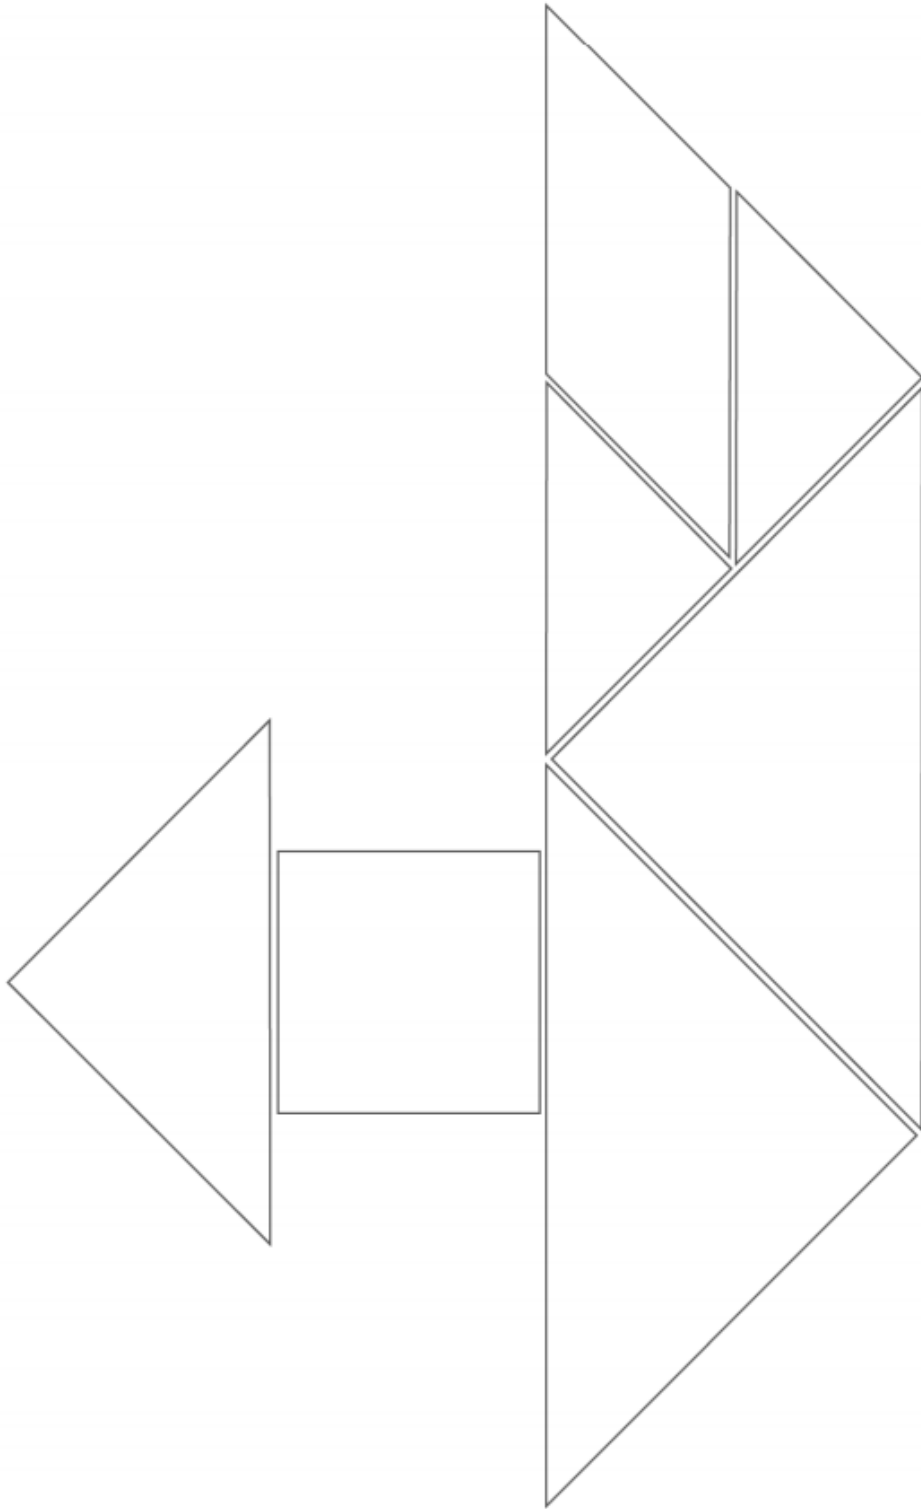

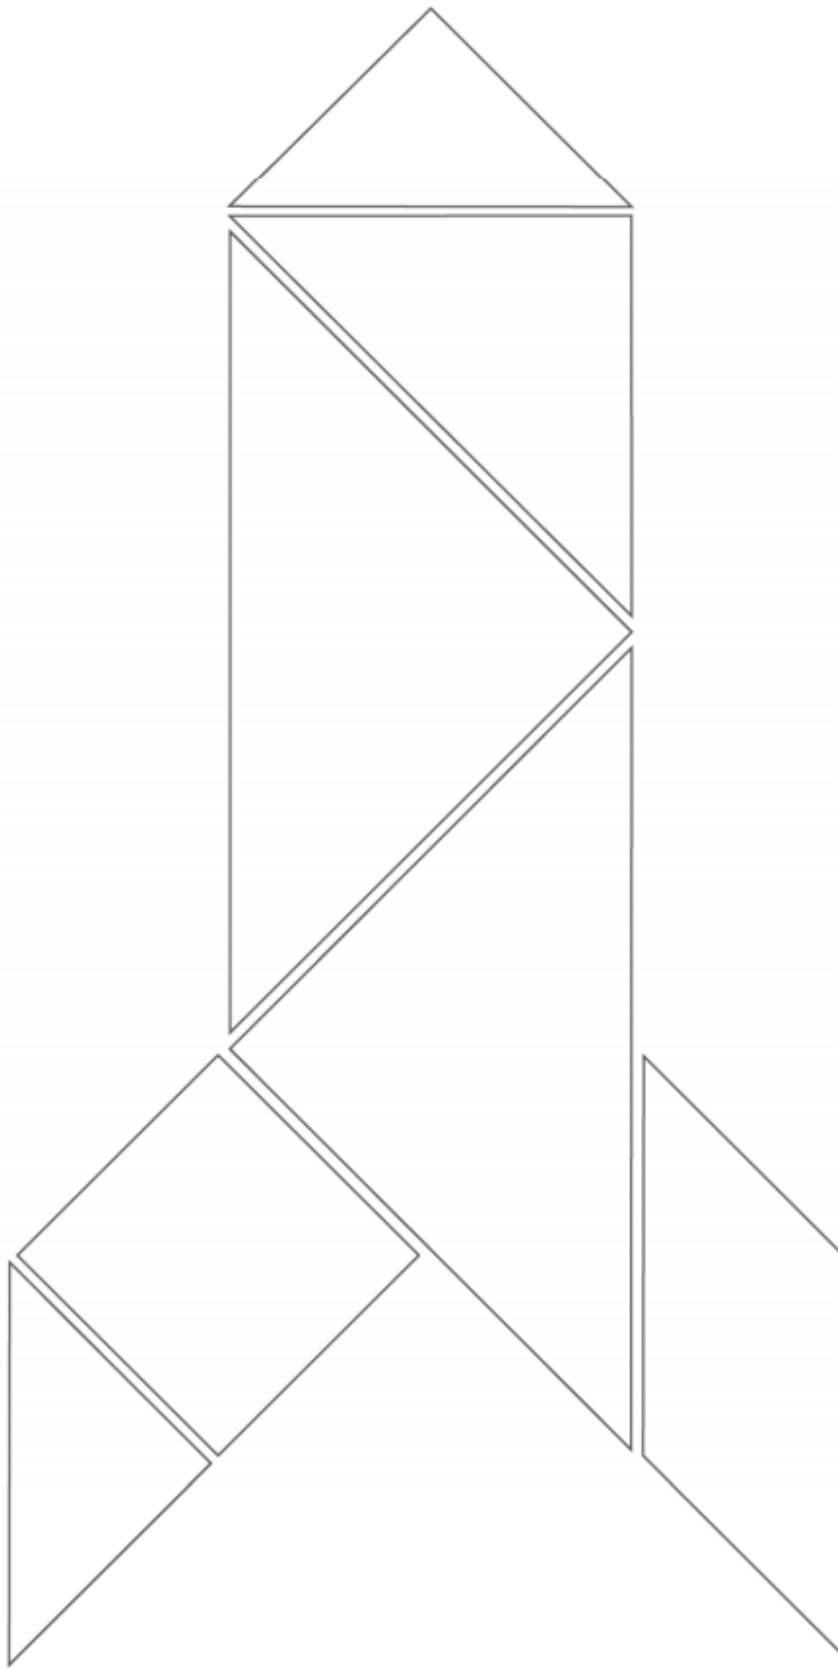

**Hammer**

**Wrench**

**Boat**

**Rocket**
