

HOW-TO:

DIP DYE WINDOW DECORATION

You will Need:

Paper towels

Water colour paint set

Instructions:

1. Start off by mixing your watercolour paints with lots of water, ask a grown up to help you mix it really well.
2. Now take a square of paper towel and fold it all up, any way you want. Fold it into small squares or triangles or even twist and roll it up! If you want you can ask a grown up to help you. You can even snip the end like when you make snowflakes.
3. Now you're all folded its time to get dipping! Dip different parts of the folded bundle into different

coloured paint, and watch while it soaks in! If you need to get a tricky bit you can use a paint brush too! Keep going until it's all colourful and covered in paint!

4. When you're finished carefully open it up to see your beautiful colourful window art! Lay it out to dry and when it's ready you can hang it in your window!
